

Word App for iPad

How to open a Word document stored in Google Drive

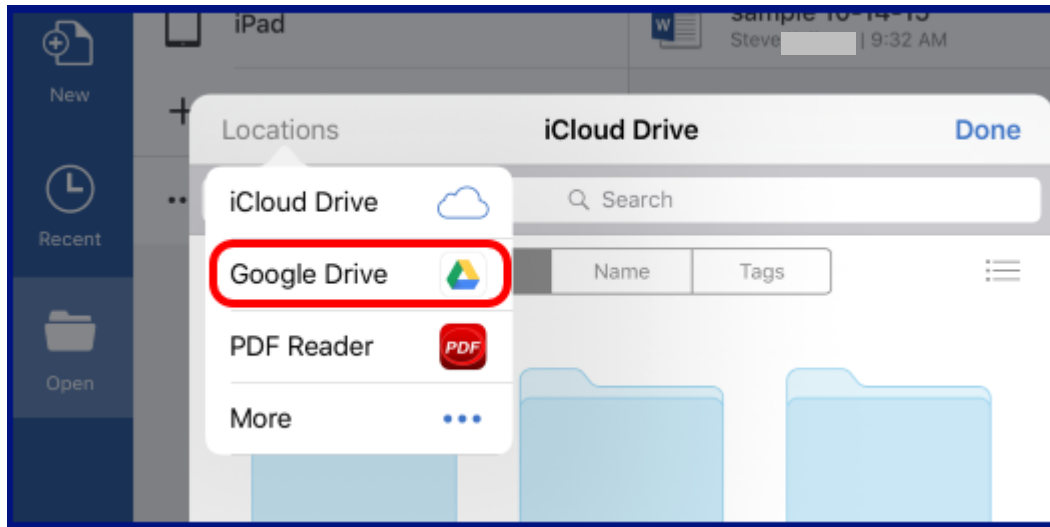

1) In the Word App, tap Open and then More.

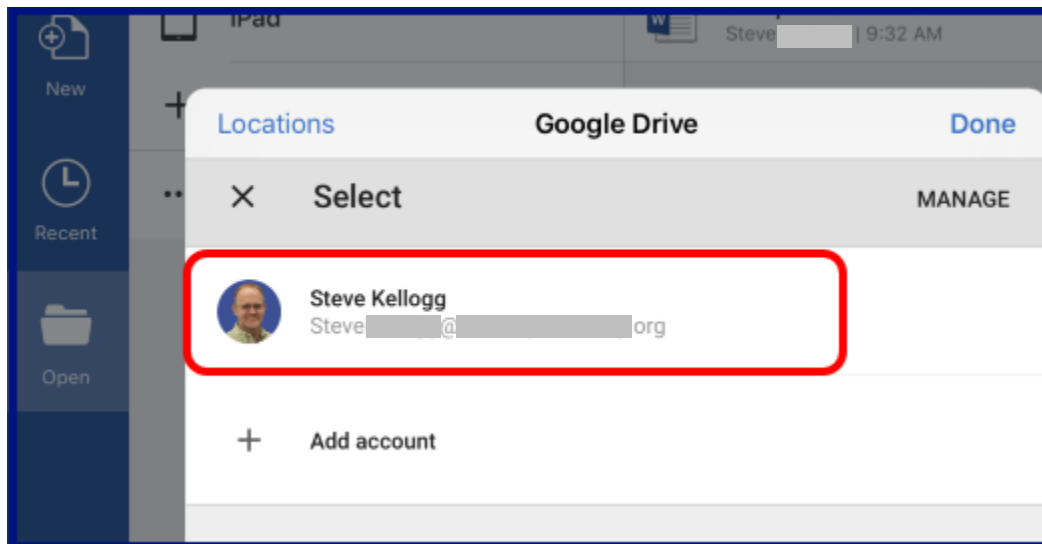

2) Tap Locations.

3) Tap Google Drive.

4) Tap your account if it's present. Otherwise, tap Add account and sign in to Google Drive.

5) You should now see your Google Drive, open folders, and open documents in the .docx format (Word and not Google docs).
