

BSAP presents FALL PARENT EDUCATION NIGHT

FOSTERING A MORE INCLUSIVE CULTURE

Presented by Robert N. Page, Jr.

Join us for a virtual workshop that will explore how to create a more productive and welcoming environment for all by gaining an understanding of inclusive thinking.

This engaging, interactive workshop explores how we can foster a more inclusive environment at Bishop Seabury Academy and what diversity means for our students, staff and administration. The core question raised in this workshop will be, *"What obligation do we have towards diverse thinking and creating change for the Bishop Seabury community?"*.
